Creative UI Designer interested in making technology more accessible to all through cogent, human-centered design.

UI Projects

Mobile vintage clothing app Utilized design theory, principles, patterns, and mediums. Developed wireframes before finalizing the user interface with color, typography, icons, and emotive patterns.

Mobile recipe cooking app using UX design process Explored key UX design processes: conducting research, designing personas, and drawing user flows to sketching designs and user testing and feedback.

Mobile houseplant trading app Wireframe, designed, and prototyped a complete mobile app for iOS and Android using design guidelines.

Animation specialization, branding, & UI design portfolios Created complex animations. Developed consistent and cohesive brands. Consolidated projects into a complete portfolio.

Experience

Clinical Pastoral Education Resident

St. Agnes Hospital / Miravida Living

2018-2019, Fond du Lac / Oshkosh, WI USA

- **Increase pastoral visits by 50%**, provide on-call coverage for the entire hospital and overnight in-house coverage.
